

BIG IMPACT NOTES

Innovations that have had the most impact on my ministry.

- Videos before the Sermon (sermonvideobumps.com)
 - Creating short videos to prepare people for the sermon.
- Remote Management (MaxFocus.com)
 - Managing and having remote access to computers with one dashboard.
- Making a computer maintenance checklist
 - Keeping computers performing well and secure.
- Internet filtering (OpenDNS.com)
 - Protecting users and filtering web content.
- Wistia video hosting (wistia.com)
 - Easy to host video with no adds and with lots of features.
- ProChurchTools.com
 - Great insights from a ministry leader who helps churches with technology.
- [Church Graphics Handbook](#)
 - Not for graphic designers but for ministry leaders with no or limited experience.
- Advanced websites with [WordPress](#)
 - Create website with the features and functionality that you've always dreamed of.
